RESPONSIBILITIES

Ensuring children are kept safe is the shared responsibility of anyone involved in the rowing experiences we provide.

Child Safety

It is the responsibility of members to follow any requirements put in place to protect the safety of children when involved in any activities associated with the club's activities. Any incidents or accidents where a child was physically harmed, or could have been harmed must be reported.

Child Protection

It is the responsibility of members to be vigilant, have knowledge and awareness of the indicators of neglect, potential or actual abuse and to report any concerns, suspicions or allegations of suspected abuse immediately and ensure that the concern is taken seriously and reported.

Designated Safeguarding Person

Taupō Rowing Club has appointed the following people as Designated Safeguarding Person/s:

Please contact Erica Strik 027 405 9826 with any issues relating to a child's safety, wellbeing or for guidance regarding the club's policy.

The Designated Safeguarding Person/s is responsible for ensuring that child safety, safeguarding and protection is a key focus within Taupō Rowing Club and that appropriate protocols, procedures, and training are in place. Taupō Rowing Club must ensure that a Designated Safeguarding Person is appointed and given appropriate training.

The role of the Designated Safeguarding Person/s is to:

- ensure that the needs and rights of children come first as their safety and wellbeing is paramount.
- ensure clear, confidential, detailed, and dated records on all incidents involving a child are taken and secure. These must contain all available information relating to the accident, incident or cause for concern and any subsequent action taken, (including when it has been decided not to make a notification to Oranga Tamariki or the Police for neglect/abuse cases). These records will be kept separate from other records for the purpose of confidentiality.
- ensure that all members are supported appropriately when dealing with child protection concerns.
- consult with the Taupō Rowing Club Committee Chairperson regarding all child protection concerns.

CONFIDENTIALITY / INFORMATION SHARING

We are committed to sharing information as appropriate, therefore if there is a concern about a child, the Designated person and/or **Taupō Rowing Club Committee Chairperson** will seek advice from Oranga Tamariki and/or the Police before identifying information about an allegation is shared with anyone else.

In addition to seeking advice from Oranga Tamariki and the Police, we will refer to the privacy commission guidelines on sharing information about vulnerable children, to guide decisions on when to share information and talk to parents/whanau/caregivers.

The Designated person will be responsible for ensuring that any information relating to a child protection matter is stored securely within a restricted access area. The Designated person will also be responsible for the secure and confidential sharing of relevant information when required.

Under the Privacy Act 2020 and the Children and Young People's Well-being (Oranga Tamariki) Act 1989, members will disclose information when there is a good reason to do so. Under sections 15 and 16 of the Children and Young People's Well-being Act 1989, any person who has a concern that a child has been or is likely to be harmed may report the matter to Oranga Tamariki or the Police and provided the report is made in good faith, no civil, criminal or disciplinary procedures will be brought against them.

SAFE WORKING PRACTICES

In addition to all other general safety requirements as per the Club' Health and Safety Plan, the below apply to all activities involving children:

Access to Scout Den and Tokaanu Facilities

Children will only access these facilities during formal club sessions recorded in TeamReach and/or Friendly Manager. No sessions can occur without adult supervision, and a minimum of two children is required to have a training session. Were a session be required with one child, two adults (including preferably one being a parent) must be present.

Permission

Specific written permission from parents/caregivers will be sought for all activities that are considered 'extracurricular' and/or involve transport outside of Taupō and/or involve overnight events and/or involve prolonged one-on-one contact.

A copy of this permission must be provided to/kept by the Club.

Permission should also include any pre-existing health conditions that the Club should be aware of, and any specialist care or medication required (e.g. diabetes/insulin, asthma/inhalers).

Ratios:

First aid: minimum of 1 current First Aid Certificate holder per 20 children.

Transport:

- All persons in the vehicle aged 8 and over must wear a safety belt
- Any person who is providing transportation must hold a full, valid, drivers licence and a copy must be held by the club.
- All vehicles being used on the road must have a current WOF and Registration.
- All vehicles must have an adult with a working cell phone for use in the case of emergency.

- When transporting children in a minivan or bus, seat belts must be used.

Camps / Activities requiring overnight stay:

- Specific written permission must be provided by the caregiver/parent
- Accommodation will provide separate male and female sleeping areas, as much as reasonably practicable.
- Any known health conditions of children will be considered, and a plan put in place for any medical emergencies
- Next of kin details must always be accessible by supervising adults.
- A cell phone or other form of communication (e.g RT) must be always available for emergencies.
- Catering will consider nutrition and allergies.

CHILD PROTECTION WORKING PRACTICES

When working/dealing with children in rowing, adults need to establish and maintain clear and professional boundaries. The following practices are expected at Taupō Rowing Club and ensures that all members are working in ways which reduce any risk to children, themselves and minimises the opportunity for harmful behaviour to occur.

Criminal Record Check

Any member who will be working with a child in a one-one capacity, transporting children alone (without the presence of another adult), and/or staying at an overnight camp where a child's parent/caregiver will not be present must provide a [criminal record](#) prior to the activity occurring (and then every 2 years).

Personal Responsibilities

Should	Should NOT
Always act, and be seen to act, in the child's welfare and best interests	Use position of power to intimidate, bully, humiliate, threaten, coerce, or undermine a child
Record and report situations which may give rise to concern from either party	Use status and standing to form or promote relationships which are, or may become, inappropriate or of a sexual nature.
Be aware that even well-intentioned physical contact may be misconstrued by the child, an observer or by anyone to whom this action is described	Display conduct that would lead any reasonable person to question motivation and/or intentions
Always make sure training and racing is appropriate for the age and stage of the child.	

Contact and Communication with Children

Should	Should NOT
Always inform other colleagues or parents about one on one contact beforehand, assessing the need to have them present or close by	Meet with a child in a remote, secluded area. One on one contact should be avoided.
Obtain parents or caregivers written consent before displaying or distributing images of children	Take images 'in secret', or take images in situations that may be construed as being secretive or private
Ensure that personal social networking sites are set to private and children are never listed as approved contacts	Engage in communication with a child on a one-one-one basis through social media and texting other than for administration e.g. communicating training times.
Understand that some communications may be called into question and need to be justified	Use language or conduct that gives rise to comment or speculation
Always explain what is happening and seek permission when physical contact is required e.g. first aid or technical guidance.	Touch a child in a way which may be considered indecent

Camps and regattas

Should	Should NOT
Ensure adults are vigilant in maintaining their privacy and mindful of the need to avoid placing themselves in vulnerable situations, particularly on overnight stays or in changing rooms.	Share bedrooms unless it involves a dormitory situation and the arrangements have been previously discussed with parents or caregivers.
Use an 'open door policy' if entering a child's room. If possible, have another person present.	Share beds with a child.

SAFE CLUB RECRUITMENT

Effective screening which involves a rigorous and consistent process that looks at the information available about a person, can significantly reduce the risk to children and ensure we employ/select the best people for roles within **Taupō Rowing Club**. Candidates will be assessed to ensure they are a safe person to work with them.

Safe recruitment processes at Taupō Rowing Club include:

- the advert and position description will state the degree of contact and the level of responsibility with children.

- Job application forms will advise candidates if the role is subject to a police/criminal record vetting check.
- Application forms, interviews and referee checks will be designed to provide the panel with valuable information about the candidate, including their attitudes; and their experiences and relationships in working with children and young people.
- Prospective and existing employees will be made aware that a periodic safety check is part of their employment conditions.
- Adults assisting with camps or overnight stays at regattas will be made aware that periodic safety checks are possible.

INDUCTION AND TRAINING

Child protection procedures will be included as part of the induction process. All new members will be taken through the child protection policy and associated procedures, advised where they are located online and asked to ensure that they read and understand the content.

All members will be informed promptly of any changes to the child protection policy and associated procedures.

HANDLING DISCLOSURES FROM A CHILD

Disclosure of abuse may come directly from the child. In such circumstances it is important to respond in a calm, caring and sensitive manner. It is important that members take what the child says seriously. This applies irrespective of the setting, or the member's own opinion on what the child is saying. The child is never to blame in situations of abuse and should be reassured they have done nothing wrong, either in relation to the abuse itself or in reporting it. Children need to know that members are listening and taking seriously the information divulged. They need members to respond positively to ensure their future protection.

It is important to record what is said at the time, if appropriate, or as soon as possible following the disclosure. It may not be appropriate to enquire into further details at this stage. The child also needs information and an explanation of what will, or is likely to, happen next.

Under no circumstances should members attempt to conduct an investigation or deal with concerns of abuse by themselves.

REPORTING A COMPLAINT OR ALLEGATION MADE AGAINST MEMBERS

Allegations, suspicions or complaints of abuse against members must be taken seriously and reported to the Designated Person who will deal with the allegation immediately, sensitively and expediently within the procedures outlined in this policy and associated procedures.

If the Police decide to undertake a criminal investigation then the member may be suspended as outlined in their individual Employment Agreement or applicable contract, without prejudice, as a precautionary measure. It is important that no internal investigation is undertaken, and no evidence gathered that might prejudice the criminal investigation.

Any complaint will be considered in accordance with the principles of natural justice and must ensure that all parties to the complaint are accorded the full benefit of those principles. Where a

complaint is investigated but not substantiated, the findings along with a right of reply should be held on the record.

Examples in sport - Sexual abuse is when a child is forced or persuaded to take part in sexual activities. This may involve physical contact or non-contact activities and can happen online or offline. Children and young people may not always understand that they are being sexually abused.

In sport, coaching techniques which involve physical contact with children can create situations where sexual abuse can be disguised. An abusive situation can also develop if a person in a position of authority, such as a coach, was to misuse their power.

Contacts made within sport and pursued through other routes, such as social media and sexting, have been used to groom children for abuse. Sexual abusers can also groom protective adults and organisations in order to create opportunities for abuse to take place.
